### DETAILED ACTION

1. This Office Action is in response to Applicant's Amendment dated 7/6/2004.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Lewis Steadman on Wednesday, July 28, 2004.

The application has been amended as follows:

**In the Amendment dated 7/6/2004:**

Claim 5, line 11, replace "rigid with said base when" by --rigidly connected with said base when said second lock is--.

### *Allowable Subject Matter*

3. Claims 5-7 are allowed. Claims 5-7 have been renumbered 1-3, respectively.
4. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest, in combination with all the elements recited in claim 5, a second lock rigid with said base when locked in engagement with a latch member carried by said container frame adjacent the front thereof with said container frame resting snugly on top of the base top frame thereby positively securing said container frame to said base and preventing unauthorized upward lifting separation of said container frame relative to said vertical wall.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
